

COMMAND PHILOSOPHY

OUR MISSION

On order, defeat our enemies swiftly and decisively. Prepare ourselves and our ships to be the most violent instruments of war.

OUR DOCTRINE

Relationships

- * Rely on your Shipmates and ensure they can rely on you. Your talents are unmatched and your teamwork is unstoppable.
- * Honor yourself and others. Care for the physical, mental, and spiritual well-being of you and those who support you.
- * Know your Sailors and the families they love. We cannot be focused and effective if our lives are out of balance.

Excellence

- * “We are what we do everyday, therefore excellence is a habit, not an act.” - Aristotle
- * Face challenges head on. Opportunity looks a lot like hard work. Prepare to seize it at a moments notice.
- * You are limited only by the capacity of your equipment, not the capability of your people.
- * We are all working toward the same goal; our path just may be different from others

Accountability

- * Commit – to your ship and to your shipmates
- * Your decisions are yours, own them
- * Make yourself a better warfighter
- * Earn your Anchors

Legacy

- * Leave the Navy better than you found it
- * Appreciate the legacy we have been charged with upholding. Take time to enjoy these moments and strive to advance our reputation.
