BRINGING A PET PART 1/5

Pet Importation & Requirements for Japan

- Owners are responsible for the shipment of pets arriving, departing, and within Japan. This includes all matters associated with travel arrangements, shipping requirements, and costs for their pets.
- Japanese Animal Quarantine Service Regulations require that all animals entering Japan be examined to determine if they are free from communicable diseases. Animals found to be free from communicable diseases meeting entrance requirements may be released to the owner's custody, subject to the restrictions discussed below.
- Ministry of Agriculture, Forestry and Fisheries (MAFF) quarantine inspectors and US Army Veterinary Command veterinarians will determine the length of each pet's quarantine period when the pet arrives in Japan. The quarantine periods will range up to 180 days. All quarantine guidelines, necessary import forms, and contact information may be found on the Japan District Veterinary Command website:
- USFJ has been able to champion "Home Quarantine" as a concession for US SOFA personnel. This quarantine allows service members to maintain their pets in their own custody within their assigned on-base quarters during the assessed quarantine period. Personnel who are most affected are SOFA members who are required to live in off-base housing. If a quarantine period is assessed, military members who live off-base will be required to pay for quarantine boarding expenses for their pets in on-base kenneling facilities or incur the significant expense of quarantining their pet at the Airport Animal Quarantine Station facility.

BRINGING A PET PART 2/5

- Service members who may be required to kennel their pets for up to 180 days will incur a tremendous cost. The JFTR and the JTR provide limited reimbursement for quarantine costs for service members (\$550) and DoD civilians (\$500 to \$1,000), respectively. Unfortunately, the majority of military pet owners serving throughout the world are in pay grades E-4 and below and may be challenged to afford those types of expenses. Additional Information:
- 1. Japanese Animal Quarantine Service regulations require that all animals entering Japan be examined to be free from communicable diseases. Owners must report to the Veterinary Treatment Facility within 72 hours of arrival and bring documentations to register without bringing the pet. Animals that are found to be disease free will be released to the owner's custody, subject to the following restrictions:
 - a. Three (3) copies of the rabies vaccination certificate (DD208, the original and two copies) must accompany the animal during transit. The rabies vaccination must have been administered more than 30 days but less than 365 days prior to the animal's entry into Japan.
- 2. An animal that is less than 90 days old does not require a rabies vaccination, but will be placed in a Japanese or U.S. Forces quarantine facility. Upon reaching 90 days of age, the animal will be given a rabies vaccination and kept in a quarantine facility for a period of 30 days. After 30 days, the animal will be released to the owner for a required Japanese Animal

Upon reaching 90 days of age, the animal will be given a rabies vaccination and kept in a quarantine facility for a period of 30 days. After 30 days, the animal will be released to the owner for a required
 - c. Companion animals that enter at a Japanese airport are to be picked up at the airport and processed through the Japanese Animal Quarantine Service at the airport.
 - d. Before the animal can be processed by the Animal Quarantine Service Personnel, the owner or authorized representative (via Special Power of Attorney) must fill out a Form 380EJ "Customs Free Import and Export of Cargo" or "Customs Declaration of Personal Property." This form is available at the Customs Check Point upon entry.

BRINGING A PET PART 4/5

- e. Upon arrival at the Animal Quarantine Counter the Japanese personnel will initiate a Pet Quarantine and Examination Certificate (Form MDJ-270). Pet owners or their authorized representative (via Special Power of Attorney) must be able to provide the following information:
 - military address (duty station)
 - rank/rate
 - duty phone
 - temporary address
- f. You will be required to sign this form stating you will present your pet for quarantine examination following the required period of “Home Quarantine” at a U.S. Forces Veterinary Office. Failure to present the animal for quarantine release may result in a fine of up to 50,000 Japanese yen
- g. Japanese Animal Quarantine Service Officials are on duty whenever flights are scheduled to arrive.
- h. Additional information may be obtained upon arrival from the Yokosuka Veterinary Clinic, 243-6820/7081.

BRINGING A PET PART 5/5

- **3. Pets are NOT allowed aboard the scheduled Navy shuttle buses. If you are arriving with your pet (s), you will need to arrange, perhaps with the assistance of your sponsor, alternate transportation to the base. HOUSING (WITH DEPENDENTS)

Government Housing is currently mandated for all military members with dependents by the Base Commander.

- For most up to date information and floor plans, please visit our website:
- https://cnic.navy.mil/regions/cnrj/installations/cfa_yokosuka/ffr/housing_and_lodging.html
- Within 3 business days of your arrival, please check in or call 243-9037 (commercial 046-816-9037) the Yokosuka Housing Office (Bldg. 1441). The housing process can also be completed before arrival as long as the flights have been booked for the dependents to arrive in Yokosuka, Japan.
- **Once you check-in to your command, please be sure to make copies of your PCS orders with command check-in stamp and Family Entry Approval for submission.**
- Military Family Housing (MFH) in Yokosuka and Ikego consists of 2,516 housing units. MFH includes town houses and high rise apartments. There are no basements or attics in family housing. All command sponsored family members are eligible for MFH.
- MFH units are furnished with household appliances (i.e. refrigerator, electric cooking stove, microwave oven, washer, dryer and dishwasher, etc.). Accordingly, it is suggested that you do not bring your own appliances with your household goods.
- Dogs are only permitted in single-family/townhouses, and on the 1st and 2nd floor of all housing towers. They are NOT permitted in tower elevators for any reason or on any other floor above the 2nd. Members are permitted to have no more than two pets in their assigned unit (e.g., two cats; one cat and one dog), cats are permitted in all housing units. All pets must be registered with the Yokosuka Veterinary Services Office, have up-to-date vaccinations, and be micro-chipped for identification at all times. Pet cats must be spayed or neutered. Documentation certifying registration, vaccinations, spaying or neutering will be submitted to the Housing Office (HO) upon assignment, upon request or when there is a change. Failure to submit the required documents may result in loss of pet privileges in MFH.

HOUSING (WITH DEPENDENTS) CONT.

Ikego Hills

Ikego Hills is set in a forested area in the seaside resort town of Zushi. Ikego has Club Takemiya (all hands club), campgrounds, paintball, Mini Navy Exchange, pool, Child Development Center, Elementary School (grades K-5), and other recreational areas are also available. Home-to-work shuttle buses (no fee) run from Ikego to Yokosuka in the morning and return in the evening, and following extra-curricular events at the high school. Ikego can be reached in 20 minutes in moderate traffic by surface roads. There is a designated pedestrian gate connected from the base to local train station, Jinmuji Station, which gives you access to Yokosuka (30 mins train ride).

OFF BASE HOUSING (SINGLE E-5 & ABOVE OR E4 OVER 4)

- Initial housing expenses may range from \$5,000 to \$10,000. Military personnel may request **ADVANCED HOUSING ALLOWANCE** through their command. **ADVANCED HOUSING ALLOWANCE** is authorized to cover the entire move-in cost, which may include:
 - first month's rent
 - security deposit
 - agent fee
 - owner fee
- Electrical power in Northern Japanese in off-base housing is 30-50 amps at 100 volts/50 cycles. On-base housing is also 100-volt/50-cycle power. On-base quarters have 220-volt outlets to accommodate American-style clothes dryers and electric stoves. Most off base Japanese houses do not have the space and or power requirements for American dryers. Space restrictions preclude the installation of an American-style washer/dryer and a large refrigerator or freezer. Because of the difference in the power provided, many American products will run slower due to low power supplied. Timers/clocks will lose about 10 seconds every minute.
- Most American electrical products are equipped with a standard 3-prong plug, however most Japanese homes only provide two prong plugs and will require adapters. CFAY Housing can provide appliances for off-base rental quarters, if not already installed.

AREA ORIENTATION BRIEF (AOB) & INTERCULTURAL RELATIONS (ICR)

- This three day training is mandatory for all SOFA sponsored personnel (military service members, civilian employees, and adult family members) within 30 days of reporting to Yokosuka in accordance with COMNAVFORJAPANINST 1740.5, even if you have previously served in Japan. It is designed to the reduce stress and frustration of moving to Yokosuka by ensuring newly reporting personnel are introduced to current CFAY policies, programs, services, responsibilities and facilities in accordance with COMFLEACTINST 1740.3C. Additionally, certified attendance is required for anyone who intends to obtain a U.S. Forces Japan driver's license during their stay.
- Reservations are required and suggested at least four weeks prior to arrival in the Yokosuka area. Your sponsor can make reservations or you can register yourself. Emails can be sent with subject line "AOB/ICR" to FFSCInfo@fe.navy.mil. Include the service member's name, the name of the gaining command, and your expected date you are reporting to the Yokosuka area.

Reservations can also be made by calling 243-FFSC (3372) option 3, or in person by stopping by the Fleet and Family Support Center (located on the fourth floor of the Community Readiness Center).

YOUTH & TEEN ICR

Moving to a new place can be overwhelming to anyone. FFSC provides a youth support group to help children transition to Japan: their new school, home, and environment. This class gives students an introduction to the Japanese culture and customs. It also includes a brief presentation on the rules and regulations. These optional trainings are offered for Elementary, Middle School and High School students. For a schedule of upcoming dates and to reserve a seat, contact FFSC.
