AREA ORIENTATION BRIEF & INTERCULTURAL RELATIONS (AOB/ICR)

This 3-day training is mandatory for all Status of Forces Agreement (SOFA) sponsored personnel (military service members, civilian employees, and adult family members) within 30 days of reporting to Yokosuka, even if you have previously served in Japan.

AOB/ICR is designed to reduce stress and frustration of moving to Yokosuka by ensuring newly reporting personnel are introduced to current policies, programs, services, responsibilities and facilities. Attendance is required for anyone who intends to obtain a U.S. Forces Japan driver's license.

Reservations are required and suggested at least four weeks prior to arrival in the Yokosuka area. Your sponsor can make reservations or you can register yourself. Emails can be sent with subject line "AOB/ICR" to FFSCinfo@us.navy.mil. Include the service member's name, the name of the gaining command, and your expected date you are reporting to the Yokosuka area. Reservations can also be made by calling 243-FFSC (3372), or in person by stopping by the FFSC located on the fourth floor of the Community Readiness Center Bldg. 3365, Rm 405).

(In Sasebo HPC, we mention separate reservations for childcare must be made, if that is also the case here, I think it would be helpful to include that here as well. I have copied and pasted what was in Sasebo to help with catering t Yokosuka info);

Children are not allowed to attend AOB/ICR. Child care reservations should be made prior to attending AOB/ICR and as far in advance as possible. (See section for Child care information)

AOB/ICR Schedule:

- Tuesday – Area Orientation Brief (AOB)
- Wednesday – Intercultural Relations (ICR)
- Thursday
 - AM: safe TALK (Mandatory for Active Duty Service members)

**** If you miss any portion of AOB/ICR you will be required to reschedule the entire AM/PM session for the portion that you missed. This includes absences due to housing appointments, medical/dental, etc. reenlistments, command responsibilities, etc.. In order to receive a certificate of completion, all portions must be completed.*

Youth ICR and Teen ICR

Moving to a new place can be overwhelming to anyone. FFSC provides a youth support group to help children transition to Japan: their new school, home, and environment. This class gives students an introduction to the Japanese culture and customs. It also includes a brief presentation on the rules and regulations. These optional trainings are offered for Elementary, Middle School and High School students. For a schedule of upcoming dates and to reserve a seat, contact FFSC.

FINANCIAL ENTITLEMENTS / ADVANCES

Navy Personnel Command Business Rules, PERS-451

HOMEPORT CHANGE CATEGORIES

It is of the utmost importance that you understand which category you are assigned based on the crewmember transfer/separation date, and the entitlements associated for your PCS move. Both the Issuance Date and Effective Date will be given out to a command once the Organization Change Request (OCR) is approved.

Issuance Date: The date when Navy Personnel Command can commence issuance of homeport change orders for crew members to commence their relocation. Date will either be the date of the issuance of the homeport message or Office of the Chief of Naval Operations Note (OPNAVNOTE) or promulgated within the correspondence. This date commences the homeport change process.

Effective Date: The date a shore or fleet organization change action is effective, i.e., the date a shore command is officially at a new location or the date a fleet unit is considered at its new homeport, homebase, or Permanent Duty Station (PDS). The OPNAVNOTE or Chief of Naval Operations (CNO) message implementing the action will specify an effective date. When the effective date reflects “immediately” the actual effective date is the date of signed OPNAVNOTE or CNO message.

OCONUS CATEGORIES

OCONUS CATEGORIES	
0	Members detaching from the command prior to effective date
1	12 or more months remaining onboard after effective date.
2	Less than 12 months remaining onboard after effective date
3	Similar to Category 2, but follow-on PCS orders received.
4	Personnel reporting to the command after the promulgation date, but before the effective date.

The unit move orders and PCS orders will be issued to all crew members after the issuance date approved in the OCR. No scheduling, funding, or movements of household goods or vehicles will be authorized until new homeport change orders are received.

Housing and station allowances are tied to the effective date of the homeport change, NOT the dependents' move date, unless formal permission is received for advance or delayed dependent travel.

Members permanently assigned to the ship are authorized a housing allowance based on the ship's homeport. Since the ship's homeport will change on the effective date, member's housing allowance will also change regardless of whether or not a HHG shipment is authorized. Members who are denied a HHG shipment are authorized non-temporary storage (NTS) at Government expense.

Previous housing and station allowances will stop the day before the effective date of the homeport change. Members will be eligible for YOKOSUKA, JA housing and station allowances on the effective date of the homeport change.

MILITARY SPOUSE CO-LOCATION MILPERSMAN 1300-1000

Each situation will be handled on a case-by-case basis. Every reasonable effort will be made for military couples to be co-located together whenever possible. Assignments will be made considering the manning of the losing and gaining activities. Co-Location/immediate reassignment may not always be possible.

- If not currently co-located, each member must complete 12 months onboard before transfer.
- Members must submit a copy of their spouse's request along with their own ("Personnel Action Request" NAVPERS 1306/7) to both rating Detailers.
- Member already on an OCONUS DOD tour will be extended to match the Projected Rotation Date (PRD) of the joining spouse; geographical location preference is secondary.
- Mil-to-mil couples cannot be co-located onboard the same platform

ADVANCE DEPENDENT TRAVEL

Members with dependents may receive YOKOSUKA, JA housing and station allowances before the Homeport Change Certificate (HPC) effective date. If approved for advance dependent travel, a member will become eligible for YOKOSUKA, JA housing and station allowances the date one or more dependents arrive in YOKOSUKA, JA.

For advance travel of dependents to the new homeport or to an OCONUS designated place, a package request must be submitted to OPNAV N130C. NXAG_N130C@NAVY.MIL All request packages must include:

- ◆ Member's request (special request chit, letter)
- ◆ CO's endorsement (special request chit, letter)
- ◆ Copy of HPC orders (incl. all Order Modifications (ordmods))
- ◆ NAVPERS 1070/602 ("Dependency Application/Record of Emergency Data (also known as PG 2")) must be signed, verified, and updated IAW MILPERSMAN 1070-270 – to include correct dependent location, correct PDS, and no pen/ink changes.
- ◆ Additional documentation may be required

DELAYED DEPENDENT TRAVEL

Members with dependents may continue to receive previous location's housing and station allowances after the HPC effective date. If approved for delayed dependent travel, member will become eligible for YOKOSUKA, JA housing and station allowances on the expiration of the delayed dependent travel approval or when dependents depart the previously approved designated place en route to YOKOSUKA, JA. Cost-of-Living-Allowance/ Temporary Lodging Allowance (COLA/TLA) for dependents will be authorized on the date one or more command-sponsored dependents arrive at the OCONUS location.

- ◆ Delayed dependent travel (DDT) can be approved for the following reasons:
 - Up to 180-day delay for a spouse who is gainfully employed or enrolled in a degree, certificate, or licensing program on the effective date; DDT will not be approved for a spouse that starts a new job or enrolls in a program less than six months from the effective date unless receipt of orders is less than six months from the effective date and they were enrolled at the time orders were received
 - Allow dependent children (K-12) to finish current school year as of HPC/PDSC effective date
 - Up to 180-day delay for Dependents enrolled in the Exceptional Family Member Program (EFMP) on the effective date
 - Up to 180-day delay for a dependent who is caring for an immediate family member (defined as a spouse, parent, or child) with a chronic or long-term illness on the effective date
 - Assignment to a vessel conducting a change of homeport (up to 45 days following the vessel's initial arrival to the new homeport)
 - Ship will deploy (to include patrols, on a case-by-case basis) from new homeport within 120 days after homeport change effective date (up to 45 days after vessel's return to new homeport after deployment)
 - When delay is caused by Government action/inaction
 - Short-fused orders, defined as 60 days or less from issuance date of orders to ordered arrival date (in this case the effective date of change of homeport)

MFH includes town houses and high-rise apartments. All command sponsored family members are eligible for MFH. MFH units are furnished with household appliances (i.e. refrigerator, electric cooking stove, microwave oven, washer, dryer and dishwasher, etc.). Accordingly, it is suggested that you do not bring your own appliances with your household goods.

Dogs are only permitted in single-family/townhouses, and on the 1st and 2nd floor of all housing towers. They are NOT permitted in tower elevators for any reason or on any other floor above the 2nd. Members are permitted to have no more than two pets in their assigned unit (e.g., two cats; one cat and one dog), cats are permitted in all housing units. All pets must be registered with the Yokosuka Veterinary Services Office, have up-to-date vaccinations, and be micro-chipped for identification at all times. Pet cats must be spayed or neutered. Documentation certifying registration, vaccinations, spaying or neutering will be submitted to the Housing Office (HO) upon assignment, upon request or when there is a change. Failure to submit the required documents may result in loss of pet privileges in MFH.

Ikego Hills: Ikego Hills is set in a forested area in the seaside resort town of Zushi. Ikego has Club Takemiya (all hands club), campgrounds, paintball, Mini Navy Exchange, pool, Child Development Center, Elementary School (grades K-5), and other recreational areas are also available. Home-to-work

shuttle buses (no fee) run from Ikego to Yokosuka in the morning and return in the evening, and following extra-curricular events at the high school. Ikego can be reached in 20 minutes in moderate traffic by surface roads. There is a designated pedestrian gate connected from the base to local train station, Jinmuji Station, which gives you access to Yokosuka (30 mins train ride).

UNACCOMPANIED HOUSING

OFF-BASE HOUSING

Moving into off-base housing can be costly; therefore, planning and budgeting ahead of time is key when moving into the Japanese Community. Initial housing expenses may range from \$5,000 to \$10,000. Military personnel may request ADVANCED HOUSING ALLOWANCE through their command, which may assist in expenses including first month's rent, security deposit, and associated fees.

All off-base housing contracts will be reviewed and submitted through the housing office.

POWER / UTILITIES / APPLIANCES

Electrical power in Northern Japanese in off-base housing is 30-50 amps at 100 volts/50 cycles. On-base housing is also 100-volt/50-cycle power. On-base quarters have 220-volt outlets to accommodate American-style clothes dryers and electric stoves. Most off base Japanese houses do not have the space and or power requirements for American dryers.

Space restrictions preclude the installation of an American-style washer/dryer and a large refrigerator or freezer. Because of the difference in the power provided, many American products will run slower due to low power supplied. Timers/clocks will lose about 10 seconds every minute.

Most American electrical products are equipped with a standard 3-prong plug, however most Japanese homes only provide two prong plugs and will require adapters. CFAY Housing can provide appliances for off-base rental quarters, if not already installed.

PERSONAL PROPERTY / HOUSEHOLD GOODS (HHG)

<https://dps.move.mil/cust/standard/user/home.xhtml>

TYPES OF SHIPMENTS

It is vital that all service members and families understand the household good options available to each member as detailed in their orders. Entitlements are a function of homeport change timeline and category.

Register at <https://my.move.mil> schedule your pack out once in receipt of orders after January 2024. A copy of your orders will have to be submitted to the Personal Property Office for the pack out to be confirmed.

1. Express shipment (unaccompanied baggage/UB): Smaller shipment, approximately 30 days to arrive. If departing within 30 days from scheduling, UB shipment will not be authorized.
2. Household goods shipment: HHG you are sending overseas; approximately 60-80 days to arrive.
3. Non-Temporary storage (long term storage; no access during overseas tour): Household goods placed in storage until you return from overseas assignment.

HOUSEHOLD GOODS PREPARATIONS

- ◆ Survey your possessions so that you can have any items repaired and cleaned (e.g. rugs cleaned) that you plan to put in storage or ship to your overseas location.
- ◆ Research availability of housing options in the area that you are moving to, some housing options may be limited due to household goods quantity and size.
- ◆ Obtain a written appraisal for valuable items (i.e. antiques, jewelry, furs or paintings) from a licensed appraiser. This is optional, but may help in the event of loss or damage to your items.
- ◆ Take photos of valuable possessions/electronics (include serial numbers) for insurance purposes.
- ◆ Prepare a general inventory list by room of all possessions both for your own use and so that you will be able to make an accurate estimate of their value for insurance purposes.
- ◆ Decide and list what you will include in your unaccompanied baggage. Plan an unaccompanied baggage shipment that will enable you to set up basic housing essentials since it may be 1-3 months before your full HHG shipment arrives.
- ◆ *If Renting: Notify landlord impending termination; most places will waive cancellation fees as long as you show official government travel orders, check with your landlord first. You can also prepare by reviewing your lease agreement where this is addressed.*
- ◆ Disconnect utilities/services such as gas, electric, waste management, water, phone and cable etc.
- ◆ Suspend or discontinue cell phone for selectee and accompanying family members: most cell phone companies will suspend your contract and waive cancelation fees while you are overseas as long as you show your travel orders. You may also check with your cell phone provider on ability to maintain your current plan with similar usage overseas.

PROHIBITED ITEMS IN JAPAN

- ◆ Narcotic and illegal drugs
- ◆ Firearms and fighting instruments are not permitted in Japan. Service members and their families must make arrangements for storage.
- ◆ Explosives and fireworks
- ◆ Check Japan Customs Website for additional prohibited items in Japan

PETS

<https://www.aphis.usda.gov/aphis/pet-travel/by-country/pettravel-japan>

The Japanese Animal Quarantine Service (AQS) sets procedures for importing pets. There are no specific breed restrictions for any dogs or cats entering Japan, see below for more detailed list of animals that are not authorized for entry or registration. Owners are responsible for the shipment of pets arriving, departing, and within Japan. This includes all matters associated with travel arrangements, shipping requirements, and costs for their pets.

At a minimum, the process will take seven to eight months,
though the process can take up to a year before a pet may enter Japan!!

PREPARATIONS FOR IMPORTING A PET

OUTLINE OF PET REQUIREMENTS & TIMELINE

1. Microchip (ISO 11784 or 11785)
2. Two rabies vaccinations (at least 30 days apart)
 - a. Pet must be 90+ days old at time of vaccination
 - b. Must be inactivated (killed) virus vaccine or recombinant / modified vaccine
 - c. Second vaccine must be before the effective period expires for the first vaccine
 - d. Second vaccine effective period cannot expire before arrival in Japan (you can get a third shot to extend it).
3. Get rabies serum test
 - a. Must be sent to one of two labs (Kansas State University or Army)
<https://www.maff.go.jp/aqs/animal/dog/lab.html>
*Can be done on the same day as the second rabies vaccine
4. Wait 180 days after rabies serum test (tests are valid for 2 years)
 - a. If steps 1-4 are complete, there is no additional long term quarantine time
 - b. If 180 wait has not been met, the pet must complete the remainder of the time in quarantine upon arrival in Japan
5. Advance notification of intention to import pet made to Japan
 - a. This is to reserve a spot for a 12 hour quarantine at the airport
 - b. Fill out required forms (detailed in sections below)
6. Pre-departure clinical inspection
7. Receive Certificate of Export from government
8. Import Inspection at airport

REGISTRATION/QUARANTINE REQUIREMENTS

Japanese Animal Quarantine Service Regulations require that all animals entering Japan be examined to determine if they are free from communicable diseases. Owners must report to the Veterinary Treatment Facility within 72 hours of arrival and bring the following documentation to register the pet.

- Three (3) copies of the rabies vaccination certificate (DD208, the original and two copies) must accompany the animal during transit.
- An animal that is less than 90 days old does not require a rabies vaccination, but will be placed in a Japanese or U.S. Forces quarantine facility. Upon reaching 90 days of age, the animal will be given a rabies vaccination and kept in a quarantine facility for a period of 30 days. After 30 days, the animal will be released to the owner for a required “home quarantine.” (Note: Quarantine in Japanese facilities will be at the owner’s expense.)
- Before the animal can be processed by the Animal Quarantine Service Personnel, the owner or authorized representative (via Special Power of Attorney) must fill out a Form 380EJ “Customs Free Import and Export of Cargo” or “Customs Declaration of Personal Property.” This form is available at the Customs Check Point upon entry.
- Registration consists of initiating a medical record ensuring vaccinations are current and implanting a microchip for permanent identification. Animals microchipped at previous installations or civilian veterinarian clinics will not need to be micro-chipped if the chip is readable by the VTF’s scanner. The cost of the immunizations and microchip will be at the owner’s expense.

- Upon arrival at the Animal Quarantine Counter the Japanese personnel will initiate a Pet Quarantine and Examination Certificate (Form MDJ-270). Pet owners or their authorized representative (via Special Power of Attorney) must be able to provide the following information:
 - military address (duty station)
 - rank/rate
 - temporary address
 - You will be required to sign this form stating you will present your pet for quarantine examination following the required period of “Home Quarantine” at a U.S. Forces Veterinary Office. Failure to present the animal for quarantine release may result in a fine of up to 50,000 Japanese yen

- The following procedures are required at least annually under the direction of a licensed veterinarian to maintain base registration:
 - Cats: Rabies, calicivirus, panleukopenia, rhinotracheitis, and chlamydia vaccination. Fecal check and/or de-worming.
 - Dogs: Rabies, distemper, hepatitis, leptospira, parvovirus, and corona virus vaccination. Fecal check and/or de-worming.

Ministry of Agriculture, Forestry and Fisheries (MAFF) quarantine inspectors and US Army Veterinary Command veterinarians will determine the length of each pet’s quarantine period when the pet arrives in Japan. The quarantine periods will range up to 180 days. All quarantine guidelines, necessary import forms, and contact information may be found on the Japan District Veterinary Command website:

<http://www.usarj.army.mil/units/vet/>

U.S Forces Japan (USFJ) has been able to champion “Home Quarantine” as a concession for US SOFA personnel. This quarantine allows service members to maintain their pets in their own custody within their assigned on- base quarters during the assessed quarantine period.

Personnel who are most affected are SOFA members who are required to live in off-base housing. If a quarantine period is assessed, military members who live off-base will be required to pay for quarantine boarding expenses for their pets in on-base kenneling facilities or incur the significant expense of quarantining their pet at the Airport Animal Quarantine Station facility.

Service members who may be required to kennel their pets for up to 180 days will incur a tremendous cost. The Joint Forces Travel regulations (JFTR) Joint Travel Regulations (JTR) provide limited reimbursement for quarantine costs for service members (\$550) and DoD civilians (\$500 to \$1,000), respectively.

Most military families will reside in Temporary Lodging (Navy Lodge) for periods of up to 60 days while seeking housing on or off base. All rooms at the Navy Lodge are pet friendly. All kennel boarding fees, including the official assigned quarantine period, are the owner’s responsibility.

Animals not allowed onboard the installation:

- Exotic or non-domesticated species or animals, to include snakes, spiders, squirrels, bats, monkeys, tanuki and species designated as wildlife.
- Endangered or threatened species.
- Non-domestic cats: (e.g. bobcat, cougar, jaguar, lion, panther, tiger, etc.).
- Constricting snakes, poisonous amphibians, poisonous arachnids, and poisonous reptiles.
- Flesh eating fish such as the candiru catfish or Piranha.
- Bees in controlled hives for the production of honey.

The breeding of pets within the jurisdiction of Fleet Activities (FLEACT) Yokosuka is prohibited. Animals intended for or used for breeding are not authorized services at the VTF.

Personnel residing in residential towers may harbor or own only the following types of pets: Dogs (on floors authorized by Commander, Navy Installations Command (CNIC N93), Cats (neutered/spayed only), caged domestically-bred pet of the rodent family, birds or aquatic animals/reptiles (non-poisonous fish, frogs, crabs, snails, turtles, etc.). Personnel residing in bachelor housing may own or harbor fish, turtles and caged domestically-bred pets of the rodent family. Birds, cats and dogs will not be allowed in bachelor housing.

Individuals not residing on base are required to comply with the registration requirements in order to utilize the VTF. Improperly registered pets are not authorized veterinarian services at the VTF.

The fostering of an animal from the shelter is permitted when the shelter cannot harbor the animal. Fostering households are permitted to have no more than three pets, to include those fostered during these conditions. A fostered pet is up for adoption and is expected to be placed in a new home as soon as possible. A foster period may not exceed 90 days and consecutive fostering of pets is not authorized. The sponsor is responsible for notifying Housing prior to taking on additional pets by fostering. The sponsor must inform Housing when the pet is adopted.

VEHICLE PROCESSING CENTER (VPC)

<https://www.pcsmypov.com/>

<https://www.pcsmypov.com/locations/name/yokohama.%20japan%20region>

SHIPPING A POV FROM CONUS TO OCONUS (YOKOSUKA, JAPAN)

At a minimum, shipping a POV requires one proof of ownership document (e.g., vehicle title in the entitlement holder's name; lienholder letter containing the entitlement holder's name; or, in instances where the vehicle is titled or leased under the name of someone other than the member or a dependent named on the entitlement holder's orders, a letter of authorization from the title or lien holder(s) authorizing the member to ship a vehicle owned by a third party), AND a current vehicle registration.

Ensure the vehicle does not have an unresolved "Recall Notice". You can check the recall status of your POV by referencing the following website: <https://vinrcl.safercar.gov/vin/> The VPC can refuse to accept a vehicle for shipment if the vehicle presents a safety hazard to a VPC employee or its facilities and or equipment. Documentation from a certified mechanic/dealership authorized to perform "Recall Notice" repairs may be required.

Preparations for Shipping:

Make sure your POV is in a safe and operable condition when you turn it in at the VPC. Inoperable POVs will not be accepted. POVs with major cracks in the windshield will not be accepted. POVs with leaks will not be accepted for shipment. POV brakes must function properly to include the parking brake.

Make sure your POV is clean. Dry-vacuum only. To avoid mold growth during shipment and ensure compliance with local agricultural import restrictions, the VPC will not accept a POV with dirt, soil, mud, water or similar matter on its exterior or interior surfaces, to include the undercarriage. Empty all debris and personal items from the vehicle's interior pockets and compartments before turn-in.

An inspector will conduct a joint inspection of the POV with you. When the inspection is completed, you and the inspector will sign the DD Form 788, Private Vehicle Shipping Document for Automobile, Figure K3-1, or commercial equivalent. You will be provided a legible copy of the DD Form 788 or commercial equivalent as a receipt for your POV. Make sure you read the liability statements on the reverse of the DD Form 788, or commercial equivalent POV inspection and shipping form. Keep for your records and in case you need to file a claim.

<https://www.pcsmypov.com/>

The PCSMyPOV mobile app allows you to track your vehicle from the convenience of your mobile phone and provides you with pick up information, including a link to view your pick up location and the contact information for the destination VPC. Download the app today from the Google Play store or the Apple App store.

POV PICKUP IN JAPAN

The customer will receive notification(s) that their vehicle is available for pickup. It is the entitlement holder's responsibility to arrange for pickup procedures of their POV. Customers must pick up their POV at the destination or arrange pickup by an assigned representative within a reasonable time. The Military Services have determined that 45 calendar days is a reasonable time to arrange for POV pickup.

Insurance and licensing, if required, will be the responsibility of the customer. U.S. Vehicle registrations, license plates, and licenses either are valid for only a very short time. Arrange to obtain these items prior to taking delivery of your POV.

The Vehicle Registration Office provides guidance/instructions for inspection requirements and the process of obtaining registration, parking permits, license plates for imported vehicles/motorcycles:

POV SHIPPING FROM JAPAN

An Export Certificate IS REQUIRED to ship the vehicle out of Japan. This can be done after the vehicle has been turned in, but all exporting vehicles must be de-registered, an Export Certificate obtained, and the original certificate submitted to the shipping agents. The vehicle cannot leave port without this document. Further information will be given at the turn in appointment or through your Personal Property/Travel Management office.

** Note for vehicles returning to U.S.: For shipments to CONUS and Protectorates; Non-US Spec vehicles must be at least 25 years old at time of shipment, and not be modified beyond the specs for the year, make and model of the vehicle. Start of the 25-year timeline begins the date of first registration, as indicated on*

the title. No other manufactured date will be accepted.

In the Sasebo guide, we offered a section on the vehicle Registration Office. Could we provide the Yokosuka one here for them as well, if applicable?

MOTORCYCLE SAFETY INFORMATION

Fleet Activities Yokosuka Safety department offers both Motorcycle Safety Foundation (MSF) Basic, Experienced and Military Sport Rider Courses. These courses are mandatory in order to become properly licensed while riding in Japan. Rider Coaches are volunteers for the community and offer their knowledge of riding and the special conditions that are encountered while in Japan.

In Sasebo guide, we provided a short blurb from Sasebo site regarding these courses. We should offer the same here

The MyNavy Family app was developed by a Spouse Advisory Tiger Team that was established by the Navy Sailor Experience team. The Tiger Team included Navy Spouses, along with the Ombudsman at Large, Navy organizations that provide services to Navy families, and several nonprofit organizations.

The app is part of a larger effort by the Navy to improve the experiences of spouses and families in order to promote strong Navy families and support them in every way possible. Download the app today from the Apple Store and Google Play. More information available at <https://www.applocker.navy.mil/#!/apps/A3E45417-7665-4E93-B703-659F6B34C404>
