

United States Navy Biography

LIEUTENANT JOHNATHAN FALCONE CHIEF ENGINEER, USS MANCHESTER (LCS 14) BLUE CREW

Lt. Johnathan Falcone is a Surface Warfare Officer and a native of Flemington, New Jersey. He currently serves as Chief Engineer, USS Manchester (LCS 14), Crew 214.

At-sea, his previous assignments included tours as the Anti-Submarine Warfare Officer aboard USS John S. McCain (DDG 56) in Yokosuka, Japan and Strike Warfare Officer aboard USS Gonzalez (DDG 66) in Norfolk, Virginia. In 2015 he was awarded the United States Naval Academy Class of 1966 Junior Officer Leadership Award.

Ashore, Lt. Falcone was selected to the Fleet Scholar Education Program, earning his Master's in Public Affairs from Princeton's School of Public and International Affairs, and taught as Affiliate Faculty at the Naval War College's Humanitarian Response Program in Newport, Rhode Island. During this time, he also served in the Department of Peacekeeping Operations at United Nations Headquarters.

He completed his undergraduate studies at Yale University and commissioned from Officer Candidate School in 2013.
