Dear Shipmate,

Congratulations on your orders to USS BLUE RIDGE (LCC 19), Command Ship for Commander, SEVENTH Fleet. We are forward deployed in Yokosuka, Japan; a large naval facility, located 45 miles southwest of Tokyo. Our mission is to provide support to Commander, SEVENTH Fleet, while conducting sustained operations at sea. You will find duty on BLUE RIDGE professionally challenging and personally rewarding.

To support our unique mission, we participate in several major fleet, joint service and multi-national exercises each year. We make numerous port visits to countries in the Western Pacific; with visits to Philippines, Thailand, Vietnam, and Singapore being the most frequent. We are in our forward deployed port of Yokosuka about 50 percent of the time.

I am pleased to have you assigned to BLUE RIDGE and look forward to meeting you. Again, Welcome Aboard!

Sincerely,

Louis F. Catalina
Captain, U.S. Navy
Commanding Officer

Dear Newcomer,

Welcome to the USS BLUE RIDGE Family!

Your BLUE RIDGE Ombudsman is appointed by your Commanding Officer to serve as a communication link between the command leadership and the command family, in addition to being a trained Information and Referral Specialists. Ombudsman are advocates ready to support, direct, and empower you and/or your family with all available resources and assist during emergencies.

The BLUE RIDGE Ombudsman is available via phone, email or even on Facebook Messenger. Your Ombudsman is available by phone 24 hours a day for emergencies that require immediate assistance and 0800-1700 for non emergencies. Phone, email and Facebook contact information is included below.

Ombudsman are expected to follow the guidelines of confidentiality as required by the Navy Family Ombudsman Program. Please call us if you have any questions, comments or concerns.

Sincerely,
USS BLUE RIDGE Ombudsman

Dear Newcomer,

Welcome to Japan! We sincerely hope you will enjoy your experiences in Japan and explore the culture. As you have probably already noticed, life overseas can be challenging and full of adventure.

The USS BLUE RIDGE Family Readiness Group (FRG) would like to make you feel welcome right away and help you with these challenges. Then you can move on to having fun in Japan! This booklet will give you the information you need at your fingertips to make decisions about housing, buying a car and finding whatever you need throughout the community.

Please feel free to call anyone on the “List of Contacts” to ask any questions. Really it is that easy, just call! (Of course, you may want to refer to the “Telephone Dialing” section to figure out dialing procedures first).

Sincerely,
COMSEVENTHFLT and
USS BLUE RIDGE (LCC 19)

FIRST THINGS TO DO

When you first arrive, things may seem overwhelming. You have to deal with jet lag and moving into a hotel for an unknown amount of time. Don't worry – it all gets organized soon enough.

Here is a general piece of advice: Carry the telephone pocket guide with you (located in Welcome Packet) and always call ahead to ensure you have all the documents required. This suggestion will save you a lot of time and energy. (Refer to the Telephone Dialing Information Section when calling from a cell phone).

1. Make several copies of your orders and Dependent Entry Approval (DEA). Bring them with you wherever you go for at least two weeks because you will have to provide the copies for every place you check-in to. Also learn your sponsor's work phone number as soon as possible. You will be asked for this information often.
2. The active duty member will have to accompany family members to check-in at the Quarterdeck at the Naval Hospital, their phone number is 243-7144. **You will need a copy of your orders and a copy of your DEA message to check in at the hospital.**

3. Acquire cell phones. You will need a way for people to get in touch with you and cell phones are the easiest way. (If living off base, many people do not bother with a Japanese land line, since they can be expensive). Soft Bank is offered at the NEX and AU is offered on Blue Street. (See Telephone Dialing Information Section for general instructions). Your American cell phone may work in Japan depending on your local/current mobile carrier. If you choose not to go with your current mobile carrier, you may have to provide a copy of your orders to cancel your service or set up a date for your service to end if you don't plan to utilize your cell phone while traveling to Japan.

It is also a good idea to ask people how many minutes they generally use for reference when signing up for a plan. The plans may be a little more expensive than the U.S. and offer less monthly minutes. To lower costs, other options that may be available to you are WhatsApp, Facebook Messenger, and Facetime.

Directions to AU:

Go out Main gate and take a left. You will go one block and see blue tiles. This is "Blue Street." Take a right on blue street and walk through 4 stop lights and it will be on your right hand side. They speak English, and are very helpful to Americans.

4. The housing office offers two different briefs. The first brief is for accompanied active duty members at 0900 daily with a check in time of 0845. For unaccompanied members, they can complete an online brief or in person one on one brief with an off-base representative on a walk-in basis during business hours. Check with housing as sometimes times/procedures change. **You will need a copy of your orders and a copy of your DEA message to attend the briefings.**
5. If you have young children, call the Hourly Child Development Center (241-4101) and make sure your child/children have daycare reservations set-up during the Area Orientation Brief (AOB) class that you must attend.

(Your sponsor will sign you up for the class and inform you of the date and location). You need to provide an immunization record for each child. Some sponsors will book a reservation for your children at the CDC before you arrive, since it tends to book up quickly! (See Childcare in Japan section). Usually, before using the centers, you need to have an orientation and provide your LES, but that is not required for AOB. The cost of sending your child/children to the CDC or Youth Center is covered by vouchers you will receive each day at AOB. **You will need a copy of your orders and a copy of your DEA message when registering your children at the CDC or Youth Center.**

1. Set up your banking in Japan.

- **Navy Federal:** 243-3333 (ATM will issue dollars only)
- **Community Bank:** 243-4585 (ATMs will issue Yen or US Dollars)
- **ATM Locations on base**
 - Auto Port
 - Community Bank Commissary
 - Navy Federal NEX
 - Community Bank PSD
 - Community Bank Navy Federal (across from McDonald's)
 - Drive Through ATM (behind Base Security, next to SRF parking garage)
 - Community Bank ATM at the entrance of the main gate
- **Getting yen off-base**

Japanese ATM machines accept Navy Federal Credit Union ATM cards. (They probably accept any ATM card in the Plus Network). The machines have an English option at least in the Yokosuka-Tokyo area. There is a 1% fee.
- Dollars can be exchanged for Yen at the following base locations:
 - Club Alliance (Enlisted)
 - CPO Club
 - Chili's

2. Figure out your living arrangements. (See Living Arrangement section).

3. Get a car, if needed and authorized. (See Driving Test section).

4. **Take your (and all of your accompanying dependents) passports to the NAVTO Passport Office located on the first deck of PSD, to get your passport stamped with the multiple re-entry stamp. This should be done within 14 days of your arrival. They are closed on Wednesdays.**

5. Register children in school. (Before departing the U.S., contact your child's school to get transcripts, vaccine and physical records. If you have all of that on hand when you register your children here, it makes it a breeze!) **You will need a copy of your orders and a copy of your DEA message when registering your children for school.**

6. Stop by the Defense Biometric ID System (DBIDS) office at the main gate and register yourself and all eligible family members ID cards, this must be completed. Registration is required for scanner based access to all military Installations in Japan. Call DBIDS office at 243-5125 if you have any questions. **You will need a copy of your orders, a copy of your DEA message and all I.D.s must be valid and NOT expired in order to be placed into the DBIDS system.**

There are many ways to get around Yokosuka while waiting to purchase a vehicle: your sponsor, base taxi (243-4444), and base shuttle. The shuttles run every 15 minutes or so counter-clockwise. Ask at the Navy Lodge or Front Desk CBEQ (Building 33) for a schedule.

The information listed in this section does not cover every area in your adjustment to Yokosuka, but they are the ones that often have impact on the family or the ones that are easily overlooked.

7. **Arriving with Pets.** The FAST office (DSN: 315-243-5770) located in the Community Readiness Center on the 2nd Deck will provide transportation services for Service Members (and their families) with PETS and military officers O6 and senior to and from Narita, Yokota, and Haneda airports. The attached Base Support Vehicles and Equipment (BSV&E) form must be filled out and sent to the FAST office with copies of the PCS orders and flight itinerary, this need to be completed and submitted to FAST within 30 days or less of PCS transfer date. This service is not free so the Service Member must be on cost orders. The office hours are Monday - Friday 0800-2000, so please coordinate this with your sponsor to ensure that the forms are completed and turned in. COMFLEACT YOKOSUKA INSTRUCTION 4650.2 applies to all travelers required to, or who would like to utilize the COMFLEACT, Yokosuka bus service to and from Yokosuka, Yokota Air Force Base and the Narita International Airport. In accordance with paragraph 2 and 4b of this instruction, those on official travel orders who are arriving or departing COMFLEACT, Yokosuka, Narita or Yokota must utilize this transportation service. The only travelers exempted from this policy are military officers O6 and senior, travelers with pets, travelers with airline flights not accommodated by the scheduled runs of the Narita Shuttle Bus or travelers in a group/team.

LIVING ARRANGEMENTS

For an informative overview of the housing situation in Yokosuka Visit the Commander Fleet Activities Yokosuka at <https://ffr.cnmc.navy.mil/Navy-Housing/Housing-By-Region/Japan/CFA-Yokosuka/>. All the housing information is located in the Fleet and Family Readiness section.

On-base Living Options:

- High-rise towers with 2 and 3 bedroom apartments
- Townhouses with 3 and 4 bedrooms

You must qualify by rank or number of family members. It can take up to one year to move into a townhouse, it depends on availability, so check with the Housing Office. For lots of information including projected waiting times and unit floor plans, see <https://ffr.cnmc.navy.mil/Navy-Housing/Housing-By-Region/Japan/CFA-Yokosuka/>.

Off-base Living Options:

- Individual houses
- Japanese mansions (apartments)

Whether you and your family choose to live on base or off base, both offer different opportunities and both are enjoyable living experiences. There are many people in your department who can answer questions you may have about either living arrangement. Just call someone on the list of contacts! For an explanation about dealing with rental agents, up-front costs, and many other details, see <https://www.navsea.navy.mil/Home/RMC/SRFJPMC/JapanTours/GettingSettled/Place.aspx> www.japanbases.com/housing (forum with links to a few realtors) www.Kencorp.com (realtor).

Example of an off-base house in Mabori Kaigan

Initial Steps to Finding Off-base Housing:

1. Begin by looking through the binders full of listings for houses or apartments that are available. They are located in the Housing Office and are separated by neighborhood. There is a binder listing rentals that accept pets.
2. If you find some housing listings you would like to see in person, the housing office will call the agent to arrange a meeting. They will make three appointments at a time for you.
3. Find a rental agent through your sponsor or the Housing Office. Many people recommend using multiple agents so that you can see many different places. This is because it doesn't work like a U.S. Real Estate Agent, who will show you all that is available on the market.

In Japan, each agent will only show you his or her own rental properties!

Things to Determine Before Talking with a Rental Agent:

1. Know the amount of your Overseas Housing Allowance (OHA), which is based on rank/rate.
2. Do you want a Japanese style or Western style house? (Do you want an American oven or refrigerator in your house, tatami rooms, etc.)?
3. How many bedrooms would work for your family?
4. How close do you want to be to base? (See the Online Maps of Japan section for a means of viewing alternative travel routes from a specific house to base and to measure distance).
5. What transportation will you use to get to base? Do you want to be close to a train station? Will you be getting two cars; because you will then need two parking spaces? Will school bus transportation be available? Before signing a lease, consult the DODDS Student Transportation Office at 243-9564/9566 to find the nearest school bus stop. You will have to visit their office and bring a copy of the rental unit floorplan and map that you will receive from your rental agent. To find the office driving past the Fleet Movie Theatre on the right side, start looking on the left side of the road for a 12 hour parking garage. The student transportation office is located in the building beside the parking garage and next to the CPO Club. It is located on the second floor and you will take the steps outside the building. Look for the sign on the building.

Note: Not all homes have space to park two vehicles. In fact, it is better not to buy any large vehicles until you see what your parking area will be like it may be tiny! Many people use the train, scooters, or bicycles as a second form of transportation.

6. Do you have a dog or cat? This is somewhat limiting. Only townhouses on base allow dogs, and many houses off-base do not allow pets. But with a little time and luck, you should be able to find an off-base house that allows pets and even one with a small fenced yard. **With negotiation**, some landlords will agree to accept pets. Keep in mind that your pet deposit will have to come out of pocket and it is equivalent to one month's rent.

THINGS TO KNOW BEFORE YOU GET HERE!

INVEST IN GOOD WALKING SHOES!!!

- As with any move, some cash reserves will be needed for housing and transportation when you arrive in Yokosuka. Move-in costs for the Yokosuka off base area are running the equivalent of four months rent. They are broken down as first month's rent, security deposit, agent's fee and landlord's bonus. The Navy reimburses directly for the agent's fee and landlord's bonus, and you can draw advance pay to cover the first month's rent and security deposit. For some cases, the owner may demand an additional month's rent as a bonus or as an extra security deposit. If justified, the Welcome Center can approve the extra bonus to be reimbursed by the Navy. The Yokosuka Housing Center can assist you with any of your questions.
- Emergency/Emergency Travel. When a family experiences any sort of crisis; they should first contact the hospital Quarterdeck at 243-7144. There is someone available 24 hours a day/7 days a week. Depending on the nature of the emergency, the Quarterdeck will mobilize the appropriate staff members and departments to provide assistance. Another important contact number is the Command Duty Officer or COD Chief of the Day at 090-6135-1041.
- Although you are stationed overseas, your "FPO AP" address is still considered a U.S. address. Many companies will ship to FPO addresses; you just have to research it. You can still have things you can't live without from the U.S.! A little benefit that many don't know about is the privilege of mailing things for free to other FPO addresses. Inquire at the base post office about "MPS'ing" letters and packages to and from other military bases. This could be useful if you have friends stationed elsewhere or you are planning to travel to distant bases.
- Moving into an off base house and not used to wood floors? Consider buying lots of felt or cork furniture pads from the "100-yen store" (equivalent to U.S. Dollar Stores). in advance of your furniture delivery and placing them where you want your heavy furniture items to be placed. Also, felt pads on chairs are also a good idea. If the house has a "tatami" room, ask the rental agent for ideas on how to place furniture without damaging the grass mats.
- If you move into a house before your household goods arrive, there is loaner furniture (beds, sofas, and so on) available for free through the housing office. Smaller items such as linens, dishes, pots and pans can be borrowed from the Community Center for a fee. Both the housing office and the self-help office have items such as refrigerators, microwaves and dehumidifiers that can be borrowed for the duration of your tour. Self-help also has equipment, tools, and some supplies available for maintaining your residence. Electricity: Electrical power in off-base houses is approximately 30-50 amps at 100 volts/50 cycles. On-base houses are about the same. Japan's electricity is lower than American, it is not dangerous to try using your electrical appliances without transformers. If they don't function properly, then use them with transformers which can be borrowed from Self-Help. Off-base, the wall outlets will accommodate American plugs except for 3-prong plugs. It is a good idea to use battery operated alarm clocks.
- There are a number of free classes offered through Fleet and Family Support Center. The office is

located on the second floor of the Community Services Center (which is also located directly across the street from the NEX and Commissary) for more information please call 243-3372.

- You can use a digital video recorder in Japan and one may come in handy if you watch sports. Many U.S. games are on TV during the night if they are live. (***Note: Tivo and Replay TV devices and services do not work in Japan, even as a manual digital recorder***). Japanese DVDs are not compatible with American DVD players. However, you should be able to watch them on your computer.
- Netflix, Disney Plus, Amazon and Hulu will work here depending on your internet service provider, and whether or not you have VPN. Off base, you may receive the Japanese version. If you have Americable (only option on base), you will receive the American version. The base library also has a collection of downloadable audio books and a nice collection of DVDs as well.

DRIVING, TEST/BUYING, REGISTERING AND MAINTAINING CARS

***** In Japan, we drive on the OPPOSITE side of the road. *****

You will receive a Driving brief in Japan during AOB/ICR. Once you pass the written driver's license exam offered during AOB/ICR, you can sign up with the Transportation Office to take your road test and get your license as soon as possible. You cannot buy a car until you get a Driver's License.

You will need a copy of your orders and a copy of your DEA message when taking your driving portion of the licensing test.

Buying a Car. When purchasing a car, please take into considerations that when living and touring off-base many of the streets are very narrow. You will need to decide if a small or large car would best fit your particular living situation. There is an area on-base (far end of the Commissary parking lot across from the Elementary School's basketball court) where cars are available for resale. There are also used car dealerships located off-base.

Before buying a car talk to your sponsor and **learn about JCI a bi-annual safety inspection/mandatory insurance, and about obtaining additional insurance and the road tax (due in April)**; so you can select a car that meets your needs. A summary of the steps to obtaining a vehicle is included in this information package.

Registering a Car

Note: **Cars must be registered in the sponsor's name.** If anyone other than the sponsor—even a spouse—is arranging the registration, a Power of Attorney (POA) is needed. One can be obtained at the Legal Office (Phone: 243-5141).

For any questions about the following process, contact Vehicle Registration Office (Phone: 243-5011).

Here is what you will need to register your vehicle(s) only one vehicle per license holder is allowed:

1. Obtain a valid Japanese driver's license (USFJ Form 4).
2. Find a car you like and take it with you to registration.
 - a. E-4 and junior need approval from their CO and CFAY Security Officer to own a car.
 - b. Buy from "Lemon Lot" located next to commissary. The seller on this lot can be a good source of information on the registration process.
 - c. Sites with information on vehicles and other items for sale:
www.japanbasecars.com
www.cheaptodrive.com
www.fujiautomotive.com

DISCLAIMER: These sites are not endorsed by the United States Navy.

3. A parking certificate will be needed at registration as well. The Navy Lodge will have them available for you at the front desk. They are used by the Japanese police to ensure the home that you will be living in has adequate parking at your residence and will be kept on file. It is also needed to complete your title information of your vehicle, so ensure you have your PERMANENT ADDRESS in Japan available or you will have to go to Yokohama to have your title changed and pay another title fee of approximately \$28.00. Have copy of your signed lease agreement and take it to VRO. The VRO will let you know which police station to take your certificate to.
4. Liability insurance (located in Transportation Office Building between Navy Lodge and Auto port Gas station). Insurance is paid for up front!
5. A valid U.S. Driver's License. Take the car and all of the documents listed above with you to VRO and you will be driving the same day! There are more steps to complete the registration but they are handled after you are able to drive and it will be easier for you to understand if the information is coming from the VRO office. Basically, once you are registered with VRO, you will have to take the title to Yokohama for filing. Your sponsor will assist you with any questions you might have.

TELEPHONE DIALING INFORMATION

Calling within Japan/from cell phones:

- For 241 prefixes: 046-896-XXXX
- For 243 prefixes: 046-816-XXXX
- For 246 prefixes: 046-806-XXXX
- For Negishi: 045-281-XXXX

To Dial the Base Operator:

From an on base phone: 243-1110

From an off base phone: 046-816-1110

Calling from the U.S. (for other countries, replace 011 with correct international access #)

- 241 prefixes: 011-81-46-896-XXXX
- 243 prefixes: 011-81-46-816-XXXX
- 246 prefixes: 011-81-46-806-XXXX

- Cell phones start with 080: 011-81-80-XXXX-XXXX

To Dial Directly to U.S.:

- 88 + 00 + 11 + AREA CODE + NUMBER

To call the U.S., you can purchase a NEX EZ-Call Calling Card for \$20 (100 minutes) from vending machines at the Navy Lodge, Main Exchange hallway by Food Court, or the Laundromat. You can call using your cell phone without using your airtime minutes, but you will get fewer minutes for your money than if you call using a land line.

Note: In Japan, cell phone plans usually have fewer minutes included per month than U.S. plans. However, incoming calls are free on cell phones (they don't take away from your monthly minutes). Many people also use text messaging since it doesn't cost as much as a call if you exceed your allotted minutes per month.

Important: *The Time Difference*

Yokosuka, Japan is 13 hours ahead of EST during daylight savings months (otherwise 14 hours ahead of EST). Please note the time before calling someone in Japan.

NEARBY SHOPPING AND FOOD, OFF BASE

ALL ARE WITHIN EASY WALKING DISTANCE FROM THE GATES EXCEPT FOR THE FEW LISTED AT THE BOTTOM.

- **Coaska Shopping Mall:** The first floor has a grocery store (as do most Japanese department stores). Then there are many floors and shops, including a book store with an English section. There is a food court and restaurants are located on several floors. There is a gate (for walking only) onto base through the back side of the Daiei. It is only open weekdays from 0600-2000 and is closed on U.S. holidays.
- **100 Yen store, “Daiso”:** These “dollar store” equivalents are a good place to buy knick knacks for setting up your new home in Japan –recycle trash bags, curtain rods, hardware, furniture/floor protectors, closet organizers, etc. There are two of these stores located across from the Daiei mall. Walk the crosswalk over route 16 and walk down the side street in front of Daiei with a “Mikasa” store on your left and an Italian Pizza restaurant on your right. In the rear of the office building with the pizza restaurant, go through a narrow hallway leading to an escalator/staircase. Take it to the second floor. You will see a Subway (the sandwich chain) and two stores across from each other that are both “Daiso” stores.
- **Blue Street:** There are multiple shops and restaurants down “Blue Street.” Look up because many buildings have shopping on several floors. (Many stores and restaurants are closed on Wednesdays.) Look for:
- **Sakaiya** an upscale department store (with grocery/food retailers in basement, lots of “take out” food available)
- **Gap** located on 2nd floor of Saikaya department store
- **Seiyu department Store** (with grocery in basement).
- **More’s City** (a high-rise shopping mall behind Yokosuka Chuo Train Station, lots of restaurants on several floors).
 - Many other stores and restaurants!
- **Homes, Livin and Ave** are large stores specializing in clothing, home goods, hardware, or groceries. They are a short drive South of the Yokosuka base along Route 16. D2 is another store similar to Homes (or our “Home Depot”) and is located along Route 134. (From base, turn left out of Main Gate and travel along Route 16. When you see Red Lobster, turn right at a light onto Route 134).
- **Amerity Homes** is a furniture store importing Broyhill, Riverside, and other American made furniture. Their showroom is on Hwy 26 in Hayama, about a 15 minute drive from the front gate. Take a right hand turn out of the main gate and get in the left lane. Then take a left at Shioiri Station and follow the road through several intersections and up and down a large hill, for about 4 kilometers; when you will reach a flat stretch-start looking for a yellow building (looks like a house) on your right. There are a few parking spaces. Proprietor does not speak English, so come with Japanese friend or look up what you need to say ahead of time. He has a catalogue, and can show selections online.

PRESCHOOLS

OFF-BASE PRESCHOOLS ARE CALLED KINDERGARTENS

There are many preschools located in every town. You will want to investigate ones in your area. Below are a few that may fit your particular needs.

Seika Kindergarten (Will accept as early as 2 years old)

This preschool is about a 5-10 minute drive from Yokosuka. It does provide a bus (Choo-Choo train) for pick-up/drop-off for children on Yokosuka base. There is an English speaking person (Yuhko Sugai) available on Mon, Wed, Fri to answer questions. (046-220-018) Communication from the school is in English.

Mikasa Kindergarten (Will accept 3yr olds and above)

This preschool is located right outside Womble Gate. You must have a Japanese sponsor to enroll, so the school can contact them in the event of an emergency and for communication purposes. Communication from the school is only in Japanese.

Mikuni Kindergarten (3yrs and above) this preschool is about a 10 minute drive from base close to Hayama. It does provide bus transportation for pick-up/drop-off to base.

Kamakura Yochien (3yr old. and above) this preschool is in a good location for people who live in the Kamakura or Ikego areas. It has bus service for those living off base, but it does not pick up on Ikego base. You would need to have a Japanese friend help you with registration and the occasional meeting. The school has after school care until 4:30. The phone number is 046-725-2391.

CHILD CARE IN JAPAN

The Navy's Child Care Centers have won awards for their merit. They are well run and provide excellent care. All the centers are accredited through the National Assn. for the Education of the Young Child.

- **Hourly CDC:** This is childcare for children not yet in 1st grade and needing less than 25 hours a week (exceptions are made for AOB/ICR class). This is located at the Community Center/Hourly CDC building. Hours of operation 0700-1700 and they charge \$3.00 per hour per child. They take reservations up to 2 weeks in advance. They offer preschool and kindergarten drop off and pick up. *You must attend an orientation before using the center and you will need to provide your child's immunization records.* (Phone: 241-4101). **You will need a copy of your orders and a copy of your Dependant Entry Approval message for your children to attend any youth program.**
- **Main CDC:** This center is only for children under school age needing full time care (over 25 hours a week). Dual active duty has priority. They have a waiting list for all others. Fee is based on Total Family Income. They will require an LES and immunization records. Parents will also attend an orientation. *For a parents' night out, the Main CDC is open the second Saturday of the month to all young children from 1700-2400.* (Phone: 243-3219)
- **Family Child Care:** These certified home-care providers offer Childcare for all ages in their homes. Fulltime fees are based on Total Family Income. Parents visit the CDH office (located on the 2nd floor of the MWR building. - office 201B) for registration/referral information. They need to attend an orientation, provide an LES, and child's immunization.
- **Ikego CDC:** These center provides both part time and fulltime care. They both require attending an orientation, and providing an LES and immunization records. (Ikego Phone: 246-8060)

FUN THINGS TO DO WITH CHILDREN

This section describes a few ideas to keep the kids busy, especially when you first arrive and the Lodge is your home! If you don't have Internet access, simply visit the Fleet and Family Support Office for handouts and directions. Also, they will be happy to help you with any place that they don't have listed!

Important note about the Navy Lodge and your stay when you first arrive

Everyone who flew over to Japan with you is going to be staying at the Navy Lodge Yokosuka with you until you choose a place to live. Get out of your room and "network" with these people. Don't be afraid to mingle and say hello. They are in the same "boat" as you and it pays off to have a collection of friends from the beginning of your tour.

Don't hesitate to ask anyone for ideas, tips, or even a ride! We'll be happy to tell you how kid-friendly a restaurant or a location is. We have all done our own exploring with the help of others and are happy to help out!

1. Check out the Navy Lodge's Kids Playroom. It's located on the 1st floor and is full of toys for little ones. They also have a wonderful outdoor play area.
2. Visit one of the *many* playgrounds on base. They are everywhere! There is a terrific covered playground for smaller children on the Seaside, near the football fields and Purdy Fitness Center. It works well on a sunny day.
3. Check out the base library. <https://www.navymwryokosuka.com/programs/855b3566-529e-454b-88b9-2ecfc832b7e6> It is open from 1000 to 1800 and is located in the Community Readiness Center across the street from the Commissary) All you need is your id card to check out books, DVDs, CDs, and more. Get some new videos to keep the kids entertained.
4. Grab lunch at McDonald's and burn some energy at the 'Arthur'-themed play area in Kosano Park. McDonald's is located at the corner of Clement and Cormick Streets, close to the hospital.
5. If you are looking for indoor fun, check out the bowling alley. They have automatic bowling bumpers for little ones and a special family program every Sunday from 1600 to 1815. Check out the website at: <https://www.navymwryokosuka.com/programs/caeb58b4-9e2f-43fc-a1a2-497f5ce80deb> . The bowling alley is on Clement Blvd near the Main Street-food court. Their number is: 243-4200 / 5158.
6. Movies, movies, movies! Want to get out of the lodge? Check out the movie schedule at <https://www.navymwryokosuka.com/programs/93c529b4-9725-4a78-a219-3ac152735106> The Benny Decker

Theater offers kid-friendly fare and the price is right. Come early to get some popcorn!

7. If you have young kids, try out one of the Family Fitness Classes at Purdy Fitness Center. One

example is PT Tots, a gymnastics and movement class. The classes are held on Tuesday and Thursday mornings, exact times depend on the age of the child. You can also try yoga with your baby or toddler! Swimming lessons are also available for children of all ages. For more information and to sign up, go to the Purdy Fitness Center. For all of the family fitness classes, go to <https://www.navywmryokosuka.com/programs/53472838-00e7-4fa2-8191-920f88ef29fb>

8. If it is YOU that needs to burn off some energy, drop the kids off for the Child Watch program at Purdy Fitness Center while you work out! They can meet some new friends and you can get reacquainted with a sense of calm! The hours are Mon, Wed. and Fri. from 9:00-12:15. Call 243-5398 to make a reservation. The cost is \$3 per 1.5 hours. Unfortunately, the program is not available during any school breaks, including summer.

9. Start learning about Japanese culture. Sign up for an origami class or Japanese dancing. Classes range in age from 3 to Adult. Stop by the Community Center for the latest schedule or go to: <https://myffr.navyaims.com/wbwsc/jpnyokrec.wsc/wbsplash.html?wbp=1> . They also offer ballet, hip-hop, and tap dance; classical guitar; Latin dance; violin; and taiko drum classes! For moms and dads, this is a great place to start practicing your Japanese. Conversational classes are offered on a continuing basis.

10. Try a Playgroup! Go to the back pages of the “SeaHawk, our base newspaper, for current dates, times and locations. For more information and a listing of other Fleet and Family Support Center classes go to <https://www.navywmryokosuka.com/programs/4bde7dcd-cba4-4521-9b99-9d5bd466a7f0> and click on the monthly calendar.

FEELING MORE ADVENTUROUS? OUTSIDE THE BASE:

1. The local Japanese mall Coaska has an indoor play area on the second floor that is great for children under 5. It is located right next to a children's clothing store, across from the elevators. If you don't find it right away, take the opportunity to do a little window shopping as you wander around!

2. Check out Mikasa Park. It is very easy to get to, take a left out of Womble gate and walk for about ¼ of a mile. The sidewalk leads right into the gate. Mikasa Park has a small play area for children, the Mikasa ship which is open for tours, and the Light, Sound Water Park with a musical fountain show every couple of hours. This is a great first adventure if you don't have a car yet. For more info go to:

<https://www.kanagawaparks.com/mikasa/>

3. Check out the Fun Things to do from the Fleet and Family Support Center.

<https://www.navywmwryokosuka.com/programs/4bde7dcd-cba4-4521-9b99-9d5bd466a7f0>

This is a **GREAT** reference document! Some of the trips are easier than others but it is a good place to start if you have some time and are looking for something to do! All of their FFSC brochures have train and driving directions.

4. Sign up for an MWR organized day trip. Try an onsen bath, take a sightseeing tour of Tokyo, or visit Tokyo Disney. These trips can fill up more quickly during the summer PCS season, but there's always a chance for a cancellation so be sure to call or stop by their office (located in the MWR Building next to Starbucks). Some trips are more kid-friendly than others so be sure to ask the folks at ITT if you are not sure whether it would be appropriate for your children. The complete listing of trips can be found at:

<https://myffr.navyaims.com/wbwsc/jpnyokrec.wsc/wbsplash.html?wbp=1> under "ITT" tab. Their phone number is 241-5056 / 5057.

5. For a taste of home, head to Costco. Your kids can enjoy hotdogs, samples, and nice wide aisles for running around! If you don't have a car yet, you can take the train. The Fleet and Family Support Center has both train and driving directions at the Community Readiness Center. For more information: <https://www.costco.co.jp/>

6. Visit the children's museum in Yokohama. The museum's theme is based on the Anpanman character (you just have to see it!) and the entrance fee is 1000 Yen for everyone 1 years and older. The website is <http://www.yokohama-anpanman.jp/main.html>.

(Japanese only). Directions: Keikyu Line (Yokosuka-Chuo Station) to Yokohama. Transfer to Minato-mirai Subway line (turn left when exiting Keikyu Line in Yokohama and follow the signs) Get off at the first station, Shin-Takashima, and follow the signs to Exit 2. Turn right when you reach street level. Walk 2 blocks, turn right and Apanman Museum will be on your right. You will be able to see the colorful sign on top of the three story museum from a block away.

7. Visit some of the other museums in Yokohama's MM21 area. The Landmark Tower also has a Build-A-Bear, Wendy's and Cold Stone Creamery. <https://minatomirai21.com/>

1. Look for other places to visit around Yokohama on their great English website:
<https://www.japan-guide.com/e/e3200.html>
<https://goyokohama.jp/>
<https://www.yokohamajapan.com/>
2. Ask your sponsor or any of the great USNH Yokosuka family members you will meet at the monthly Family Readiness Group gatherings! There are lots of zoos, parks, beaches, and other kid-friendly activities close by!

PET CARE IN JAPAN

Yokosuka Kennel

The Navy Exchange operates a facility for the boarding and grooming of dogs and cats on base in Yokosuka. It is located adjacent to the veterinary clinic. Call DSN 243-4530 for business hours and reservations.

Camp Zama Pet Kennel

Some people board their pets at the Army's pet kennel located on Camp Zama. Relatively close to the Navy's Atsugi base, Camp Zama is a 1.5 to 2 hour drive north of Yokosuka depending on traffic. The Camp Zama kennel is operated by MWR. It is not clear whether Camp Zama will accept Navy pets during their quarantine period, but Navy pets may stay there when their owners go on leave. Call DSN 263-5915 for information. Also see (<https://zama.armymwr.com/programs/pet-care-center-kennels>).

Off-Base Kennels

Off Base Kennels are available and the Yokosuka Vet on base has a listing if you choose to utilize an off base kennel.

Pet Supplies

In addition to the products available on base, many pet supplies are available in Japanese stores such as *Livin*, located south of the base on Highway 16. PETCO will ship to FPO addresses (<https://www.petco.com/shop/en/petcostore>).

Arriving with Pets

The FAST office (DSN 315 243-5770) located in the Community Readiness Center on the 2nd Deck will provide transportation services for service members (and their families) with PETS and military officers O6 and above to and from Narita, Yokota, and Haneda airports. The attached Base Support Vehicles and Equipment (BSV and E) form must be filled out and sent to the FAST office with copies of the PCS orders and flight itinerary, this need to be completed and submitted to FAST within 30 days or less of PCS transfer date. This service is not free so the service member must be on cost orders. The office hours are Monday - Friday 0800- 2000, so please coordinate this with your sponsor to ensure that the forms are completed and turned in.

COMFLEACT YOKOSUKA INSTRUCTION 4650.2 instruction applies to all travelers required to, or who would like to utilize the COMFLEACT, Yokosuka bus service to and from Yokosuka, Yokota Air Force Base and the Narita International Airport. In accordance with paragraph 2 and 4b of this instruction, those on official travel orders who are arriving or departing COMFLEACT, Yokosuka, Narita or Yokota must utilize this transportation service. The only travelers exempted from this policy are military officers O6 and above, travelers with pets, travelers with airline flights not accommodated by the scheduled runs of the Narita Shuttle Bus or travelers in a group/team of ten or more personnel.

Using the Internet in Japan

Free High-Speed Wireless Internet

There are several places in and around Yokosuka where one has access to free high-speed wireless Internet service. These locations include: CPO Club's Cove Bar, the 3rd floor of the Fleet Recreation Center, Yokosuka Library, Yokosuka Bowling Center, Green Beach Pool Deck, Ikego Pool Deck, Ikego Club Takemiya, Kosano Park, and Green Bay Marina, ITT/Starbucks Outdoor Area, and the Food Court across from the Benny Decker Theater.

TELEPHONE AND TELEVISION SERVICE

For persons living on base, acquiring telephone, television, and Internet service are relatively easy and not addressed in this document.

Cell Phones

“Things to Do First” covers the highlights of how to acquire a cell phone.

“Regular” Telephone Service

Read on the Housing Welcome Center web site (<http://housing.cnfj.navy.mil/utilities.htm>) about the procedure for getting regular telephone service off base. Many people decide it is not worth the money and effort to do this and use cell phones only. Another option is to get telephone service from the Internet service providers J:COM or NTT. See the section “Using the Internet in Japan.”

Television Service

Off base residents may borrow a satellite dish, which allows them to watch Armed Forces Network (AFN) television programming. There is no monthly fee for service, but you must get permission from your landlord to install the equipment, buy an installation kit, and pay someone to do the installation (and removal) of the satellite dish.

Another option for television service off base is to get Japanese cable television. For example, J:COM offers a bundle of services including Internet, television, and telephone - you can choose one, two or all three services. J:COM cable includes a variety of English-language stations such as CNN, Disney, Discovery, National Geographic, and the Mystery Channel. American television sets do function with the J:COM cable service.

Minimum Contract Length

When subscribing for Internet, television, or telephone service, check the minimum contract length allowed in case you are planning to move on base when housing becomes available. For example, J:COM’s minimum contract is six months.

REGIONAL TRAIN TRAVEL: FUN AND EASY

Technology has made train travel in Japan fun and easy. Two tools that are invaluable are:

1. The PASMO train travel card. (One per person).
2. The Hyperdia.com train route planning web site in English.

Also useful are two brochures available at Yokosuka's ITT travel office: the yellow "*Kanagawa and Tokyo Railway Guide*" and the red "*Keikyu Tourists Guide*." Much of the same information printed in these brochures can be found online as well.

- For a bilingual Keikyu Train Line map, which is useful for traveling from the Yokosuka area as far north as Tokyo, go to (http://www.keikyu.co.jp/worldwide/pdf/rosen_1.pdf).
- @ A bilingual Tokyo railway map can be found at (http://www.att-japan.net/modules/tinyd3/content/pdf/tokyo_railway.pdf).
- @ And a Tokyo subway map can be found at (http://www.att-japan.net/modules/tinyd3/content/pdf/tokyo_subway.pdf).

PASMO

In a nut shell, PASMO is a "smart" debit card which is easily recharged. One can zip on and off trains, subways, monorails, and buses throughout the Tokyo metropolitan area. Great fun and not too intimidating for non-Japanese readers/speakers! It has eliminated the need for paper tickets and fare calculation machines. One can scurry in and out of the automated ticket gates simply by touching the PASMO card to the magnetic pads on top of the gates, and as you walk through you can see your card balance displayed.

Currently PASMO cards are sold at Keikyu train stations but not at JR train stations. Maybe that will change in the future. These cards can be purchased and recharged at Keikyu train ticket vending machines. (They can be recharged at JR Stations), The purchase price is from 1,000 to 10,000 Yen, payable in cash. The card and change will be dispensed from the machine. A refundable deposit of 500 Yen will be deducted from the initial amount of money credited to the card.

The general steps for buying a PASMO card from a train ticket vending machine:

1. Press "English" on the upper right-hand corner of the touch screen.
2. There are two columns of buttons to the left of the touch screen. Press the "Card" button near the bottom of the right column.
3. Two bars will appear on the touch screen. Press the top bar to buy a new PASMO card.
4. Then choose the amount of yen you want to put on the card and insert the bill(s) when prompted.
5. The plastic card and change will be dispensed from the machine.

To add more money to a PASMO card: Repeat steps 1 and 2 above.

3. Two bars will appear on the touch screen. Press the bottom bar to add money to a previously purchased PASMO card.
4. Insert the PASMO card and the card balance will be displayed. 5. Choose the amount of yen you want to add to the card and insert the bill(s) when prompted.
5. The plastic card and change will be dispensed from the machine. To read more about PASMO:

Hyperdia.com Train Route Planning Website Use of this website is basically self-explanatory. Input your starting point, destination, travel date and desired departure or arrival time. The results will return several travel routes along with travel details, cost, and duration of journey per route. Sometimes it is not obvious whether one is on a subway train or a regular train, because the regional train and inner city subway blend together from the point of view of hyperdia.com. When transferring from one to another it is sometimes necessary to walk quite a distance inside a large station or perhaps even exit one station and enter an adjacent station, but English signs are available and attendants are helpful.

The first thing one needs to know in order to use this website is the name of the train station from which their journey will begin. For those living near the Yokosuka Naval Station, the two major train stations are Yokosuka-chuo (Keikyu line) and Yokosuka (JR line). Going north to Yokohama or Tokyo, it is most efficient to travel on the Keikyu from the Yokosuka-chuo Station. Going West to nearby Zushi or Kamakura, one would take the JR at the Yokosuka station. Travel books, web sites, and brochures usually list the nearest train station for one's travel destination. Often times they even indicate which exit number to use at the train station.

What if the train station name is unknown? If there is more than one train station with the same name, the website will list all the station names to choose from. For example, input "Yokosuka" as the Start Point and input "Kawasaki" as the Destination and click "Search." The next page is where one chooses the travel date and time. But also notice that there is a pop-up list showing two Yokosuka stations and a pop-up list showing four Kawasaki stations. Sometimes looking at the suggested routes will offer a clue as to which is the proper station for one's journey.

Hyperdia.com is a favorite, but another route planning site is www.jorudan.co.jp.

Longer Trips on the Train

Japan has a superb, "user friendly" public transportation system. An excellent way to learn about all the public transportation options available throughout the country is to visit (<http://www.japan-guide.com/e/e627.html>). This web page has many links to assist in long-distance travel planning. It will also help in finding information about local transportation at your travel destination.

For information specifically about the bullet train ("shinkansen"), go to (http://www.japanrail.com/JR_shinkansen.html). Interestingly, Hyperdia.com will plan routes using the shinkansen but be aware that the PASMO card is not usable for these trains. Consult a travel agent for help in planning a trip and buying tickets for the shinkansen.

Child Fares

In general, infants and children under the age of 6 can board trains for free (although this may vary for long distance travel versus regional trains). For an explanation of train fares for children in Japan, see (http://www.japanrail.com/JR_ticketrules.htm).

ONLINE MAPS OF JAPAN

At one point, Diddlefinger.com allowed you to search for addresses on maps of Japan using the English language. Now you can use GOOGLE Maps and APPLE Maps. It is useful for house hunting off-base and exploring Japan. For a full street address, (eg.) such as "4-30-8 Yoshii, Yokosuka, you can look up the address which will allow you to find alternative travel routes from the house to the base including train and bus station locations. Look at the satellite image to understand the topography of the neighborhood in this hilly area of Japan.

Address Search Example 1 - Finding the Base

Step 1: Type "yokosuka naval base"; multiple options will pop up

Step 2: "United States Fleet Activities Yokosuka" name will appear in the list. Select this option.

Right now it is free to ride this bus, but this may change in the near future. Call 243-7777/2287 for all the latest information and see the CFAY web site for more details.

Travel Agents

There are two great resources on base for a day trip or vacation package. ITT and UTC Travel are located in the building next to Starbucks and in the Fleet Recreation Center. Business hours are 9:00-6:00 Mon.-Fri. 9:00-1:00 Sat.

There are also many English-speaking travel agents near the base that may offer lower rates. Three agencies that are often used are JTB, IACE Travel, and H.I.S.

JTB is located adjacent to the Yokosuka-chuo Train Station. Standing at the base of the escalator, facing the escalator, JTB is located on your right. Business hours are 10:00-7:00 Mon.-Fri. and 10:00-6:00 Sat. and Sun. Phone number is 046-824-5311
